

## **AMENDMENTS TO THE SPECIFICATION**

Please delete the [0046] through [0049] of the published patent application, U.S. Patent Application No. 2005/0160514. These paragraphs correspond to duplicate paragraphs [0044] through [0046] and the first five lines of paragraph [0047] in the attached copy of the specification.

Please insert the following paragraph after paragraph [0057] in the published patent application:

As used herein, the term “head-and-face” cover means a unitary cover that substantially covers the top of the head, the back of the head, the sides of the head, and a substantial portion of the face of the wearer.

Please note that paragraph [0057] in the published patent application corresponds to paragraph [0051] in the attached copy of the specification
